Security Question: What is my account number?

Security Answer: 000####

IMPORTANT: Use the first *seven (7)* digits of the account number shown on your utility bill, starting with the zeros (see below).

Message Box: Enter street address of property

Where do I find my account number?

On the top right of your utility bill:

Village of Nobleford
Box 67 Nobleford, Alberta T0L 1S0

OFFICE COPY

Can I pay for multiple accounts with one e-transfer?

Yes, but you must specify details in the message box including addresses of all properties, as well as which property account is being used as the security answer. Payments may be denied for lack of information.

Can I pay my taxes or an invoice using e-transfer?

Yes. You may use the same payee you send utility bill payments to—use the message box to state what the payment is for and include the street address of the security answer account used.

What if I don't have a utility account with the Village?

Please contact the office at 403-824-3555.

What if my e-transfer was denied?

If we are not entirely sure how to apply your payment, we may deny your e-transfer and try to get in touch with you. Please call us if this happens and you haven't heard from us.

Is there a fee to do this?

Some banks will charge you a small fee to send interact e-transfers.

Does this mean I can pay with Interac Debit in the office?

No, only online payments are currently accepted.
